

Lead is a *sexual harassment prevention workshop* for **supervisors, managers** and **organizational leaders** in college, corporate, and governmental agencies.

Lead Action!

As organizational leaders, you have the unique opportunity and responsibility to create a culture of respect and collaboration. TMI Action educates supervisors on setting expectations, inspiring healthy communication, and addressing inappropriate workplace behavior. Our interactive approach challenges management teams to evolve their leadership.

“*Lead was a much higher caliber than any other [sexual harassment] training I have received. I particularly appreciated the focus on preventing harassment and sexual violence before it occurs. I highly recommend hiring TMI Action and believe that Lead will help improve workplace culture and safety.*” – Oregon State University, 2018

Lead Workplaces

is developed for **organizational leaders** performing their work in **on-site locations**, such as office buildings, factories, warehouses, or other **company-controlled locations**. This workshop includes information on The Civil Rights Act, Title VII.

Lead Colleges

is designed for those in **leadership positions** at **colleges** and **universities**, including supervisors and department heads. This workshop includes information on The Education Amendments Act, Title IX, and The Clery Act.
